RENZ[®]

BINDING AND LAMINATING SYSTEMS

Semi-automatic
punching system
DTP 340A

punching dies can be
exchanged in less than 2 minutes

the fastest punch
system in its class

simple control panel for format adjustment and operation mode

paper stop with sensor activates the punching cycle

change die easily for different types of punching

paper tray collects punched sheets

SEMI-AUTOMATIC PUNCHING The semi-automatic system developed by Renz, creates an entirely new class of machines. It is the first punching system to feature ease of operation, high output, and flexibility at an economical price.

AN EXAMPLE of how you can save time and money:
 punching books in format A4, 60 sheets of 80 g/m2(20# bond), you can produce:
 - traditional punching: approximately 70 to 100 books/hour **
 - with DTP 340 A in semi-automatic mode: approximately 300 to 350 books/hour **

SPECIFICATIONS - OVERVIEW

EXCHANGEABLE PUNCH DIES FOR ALL POPULAR TYPES OF LOOSE-LEAF BINDING

RENZ DTP 340A

width, depth, height	88 cm (34.7"), 64 cm (25.2"), 38 cm (15")
